Colleagues

As part of the rolling review of the governance of activities within Scouting, we have launched a consultation document on the way we manage and operate climbing. The proposals contained are based on all the comments and thoughts we received in the initial consultation as part of this review. You can [read the consultation document](#) online along with a link to let us know your thoughts.

The deadline for feedback is 9 November 2012.

Submit your feedback on this consultation using the link within the consultation document. Please do not reply to this email. You can find details of the progress of all reviews that are underway at www.scouts.org.uk/activitiesreview.
