

Suffolk Scouts- Pathways to Permits

Power boating (B1/B2 waters)

A progression pathway that will enable adults to obtain a permit to lead Power boating activities on Scout Association B1 or B2 waters.

Once a B2 leadership permit has been gained, individuals can go on to work towards permits for higher graded waters by gaining the appropriate RYA qualifications and log of experience. The Scout Association water classifications are as follows.

Class B1 - sheltered inland waters and other sheltered water where currents and tides create no real danger;

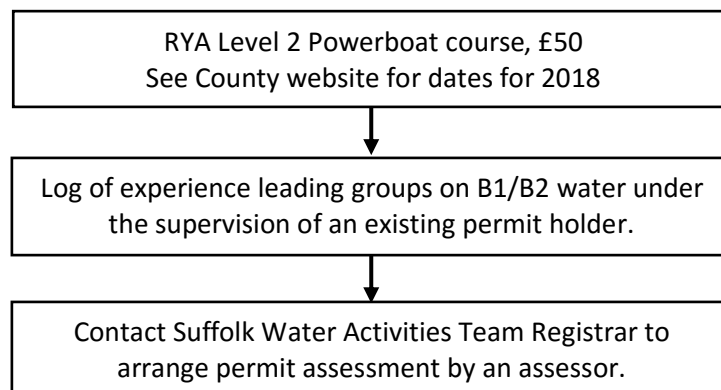

Class B2 - the sea up to one mile from the shore, but excluding more dangerous waters close inshore; more sheltered parts of estuaries; large inland lakes and lochs.

Class B3 - the sea up to three miles from the shore, but excluding more dangerous waters close inshore; busy commercial ports, exposed parts of estuaries.

Class A - open sea more than three miles from the shore, and other dangerous waters close inshore.

Log book of leadership experience:

Before being assessed for a permit, the assessor will expect to see a log of your leadership experience, either in the role of assisting an existing permit holder lead a session or in the role of a session leader operating under the permit of an existing permit holder.

To book, please see the dates and contacts on the key dates pages in the Activities section of the County website
